Society of Broadcast Engineers
Chapter 59

Minutes of the February 9, 2022 Meeting

The February meeting of Chapter 59 of the **Society of Broadcast Engineers** was held February 9, 2022 at Smoketown Barbeque; 7702 Shawnee Mission Parkway, Mission, Kansas. Steve Hendrix, chapter chairman, was in charge. There were eight in attendance.

Hendrix opened the business meeting at 12:06 PM. He asked secretary Ben Weiss to read the minutes of the December 8th meeting. There was no meeting in January. The motion to accept the December minutes was by Robin Cross and the second by Brandon Travis. The motion passed by acclamation.

Steve brought us up to date concerning national SBE news. It's time to renew your annual SBE membership. Traditional membership dues are still \$85 but you might want to consider upgrading your membership to the MemberPlus level that gives you access to all the Webinars by SBE. With that in mind the annual membership drive starts March 1st. For all the details look at the national website sbe.org.

If you are interested in the various certification levels available you can check out certification on the sbe.org website. Just remember that if you want to take a certification exam during the June 3-13 window you must register by the April 15th deadline.

John Gray, chapter program chairman, told us that he has some future program prospects but he does not have any programs scheduled for immediate future meetings. Still he welcomes any ideas for future programs.

There was a brief discussion about the proposal to provide a scholarship to some student interested in becoming a broadcast engineer. There was no decision.

The motion to adjourn was by Chriss Scherer and the second by John Gray.

There was no formal program but a free discussion of engineering topics.
