

March 21, 2022

Society of Broadcast Engineers  
Chapter 59

Minutes of the March 9, 2022 Meeting

The March meeting of Chapter 59 of the **Society of Broadcast Engineers** was held March 9, 2022 at Smoketown Barbeque; 7702 Shawnee Mission Parkway, Mission, Kansas. Steve Hendrix, chapter chairman, was in charge. There were eight in attendance.

Hendrix opened the business meeting at 12:05 PM. He asked secretary Ben Weiss to read the minutes of the February 9th meeting. The motion to accept the minutes was by Steve and the second by Robin Cross. The motion passed by acclamation.

Steve brought us up to date concerning national SBE news. It's time to renew your annual SBE membership. During the annual membership drive, which starts March 1<sup>st</sup>, current members that sponsor a new member can get \$5.00 off their annual renewal. All the details are on the national website [sbe.org](http://sbe.org).

Steve also mentioned the several Webinars offered on the SBE website. Check them out as you might find something to interest you.

If you are interested in becoming certified you can check out the various certification levels on the [sbe.org](http://sbe.org) website. The next certification exam window is June 3-13 and to take an exam during that window you must register by the April 15<sup>th</sup> deadline.

Chriss mentioned that he had talked with the manager of National Audio in Springfield while touring the plant. Today National Audio is the only company in the US that manufactures audio recording tape most of which goes into making audio cassettes. It was an interesting discussion.

John Gray, chapter program chairman, told us that he does not have any programs scheduled for immediate future meetings. Still he welcomes any ideas for future programs.

The motion to adjourn was by John Beck and the second by Brandon Travis.

There was no formal program but a free discussion of engineering topics.
