Society of Broadcast Engineers
Chapter 59

Minutes of the June 9, 2022 Meeting

The June meeting of Chapter 59 of the **Society of Broadcast Engineers** was held June 9, 2022 in the Logan Conference Room of the Johnson County Central Resource Library; 9875 West 87th Street, Overland Park, Kansas. Steve Hendrix, chapter chairman, was in charge. There were four in attendance.

Hendrix opened the business meeting at 12:15 PM. He asked secretary Ben Weiss to read the minutes of the May 11th meeting. The motion to accept the minutes was by Ben and the second by John Gray. The motion passed by acclamation.

Steve brought us up to date regarding SBE National items. Now the SBE JobsOnline, can assist members in locating available broadcast engineering positions throughout the country.

Nominations are now open for the SBE Board of Directors through July 1st.

There are a number of webinars available in July and August. Check the national website as there may be something that would interest you.

The next local chapter certification exams will be given November 4-14 and the deadline for registration is September 9th.

The SBE conducted its annual compensation survey for those working in radio and television, IT and related fields. The results are being tabulated and will be available later in July.

Chapter programs chair John Gray discussed the possibility of continuing to have future monthly meetings at the Logan Conference room. Apparently the room is more likely to be available to our chapter on Thursdays each month. Meeting on Thursdays would avoid conflicts with other groups that meet regularly on Wednesdays.

John mentioned that he had moved the chapter's website to another server to avoid some problems that have been occurring with the old server.

The motion to adjourn was by Chris Scherer and the second by John Gray.

The program consisted of a tour of the Makerspace at the Johnson County library.
