

January 11, 2024

Society of Broadcast Engineers  
Chapter 59

Minutes of the January 10, 2023 Meeting

The January meeting of Chapter 59 of the **Society of Broadcast Engineers** was held January 10, 2024 at Chili's Restaurant 7001 West 119th St; Overland Park, Kansas. John Gray, chapter program chairman, was in charge. There were 5 in attendance.

Gray called the meeting to order at 12:06 PM. He asked secretary Ben Weiss to read the minutes of the December meeting. The motion to accept the minutes was by Robin Cross and the second by Greg Best. The motion carried by acclamation.

John Gray, chapter program chairman, mentioned that he has arranged for John Lynch, with Broadcast Supply Worldwide, to present the program February 28<sup>th</sup>. Other meeting dates are open.

Further considering future programs Greg Best suggested contacting Kevin Dennis, director of US sales for SAF, a microwave equipment supplier. Greg said he has recommended SAF equipment for a number of his clients and their results have been very good. So he would recommend we contact Kevin and ask if he would like to make a presentation at our chapter meeting.

Since Chriss Scherer was absent he had sent ahead the notes for the National SBE News that Ben detailed.

SBE is celebrating 60 years this year. Special events and activities are being planned throughout the year including the NAB show. Watch the usual outlets, website, The Signal, and SBE News for details.

The SBE Program of Certification has launched the Diamond Project. If you held SBE certification and let it lapse before 2023, you can apply to reobtain your SBE certification without taking the exam. There's a special application and fee structure for this. Get all the details at [sbe.org/diamondproject](http://sbe.org/diamondproject). SBE Certification has career benefits, so take advantage of this offer if you qualify.

There are five webinars scheduled during the next two months. You can check the SBE website for details if you are interested.

The motion to adjourn was by Ben Weiss and the second by Greg Best

There was no program but a lively discussion of various engineering topics.
